

We are a global integrated energy company with roots in Oman. With operations across 13 countries, we cover the entire value chain from exploration and production to marketing and distribution of end-user products.

Our fuels and chemicals are sold in over 60 countries worldwide, making us a pioneer in the energy sector.

Ensuring a seamless and robust transformation, an integration programme called Nakhla was launched in December 2018 to spearhead the formation of the company from nine core companies, namely Orpic; Oman Oil Company Exploration and Production; Oman Gas Company; Duqm Refinery; Salalah Methanol Company; Oman Trading International in Muscat; OXEA and Salalah Liquefied Petroleum Gas.

Today, we focus on facilitating local and international private participation in the oil and gas sectors to increase value for shareholders and reap greater benefits for the nation.
